

## Alexandria Gazette.

TUESDAY EVENING, AUG. 15 1893.

## LOCAL INTELLIGENCE.

Sun rises to-morrow at 5:13; sun sets 6:47. High water 11:00 a. m. and 11:21 p. m.

**WEATHER PROBABILITIES.**—For this section the weather will continue generally fair, with slightly higher temperature; variable winds, shifting to southeasterly.

**THE CITY BANKS.**—During the financial flurry and excitement which has been going on in all sections of the country for the past few months the banks of Alexandria have pursued the even tenor of their way and have honored every demand made upon them, looking out carefully for the interest of their customers and aiding them in every way in their power. The Alexandria banks are known to be solid institutions, conducted on strictly business and conservative principles and have the confidence of the citizens of Alexandria and surrounding country. The banks, on the other hand, are familiar with the conservatism and good common sense of their depositors and of the business community, knowing that what is of the interest of the one is also of interest to the other, and this being the case, have, as stated above, gone on with their business, ignoring, as far as possible, the financial excitement existing elsewhere. Without holding any formal meeting, however, the banks have come to a mutual agreement to continue paying out currency to all depositors who deposit certified checks and ask currency in exchange to deny such request and to pay certified checks on banks in any of the large money centres of this section of country. This will not be done, however, in cases of persons using money to meet weekly or monthly pay rolls—the banks being determined that no one in need shall suffer by their action—but is intended to stop the withdrawal of currency from circulation for hoarding and thus making money "tighter" than it is now. Every bank and banking house in Alexandria is fully able to pay every dollar it owes either to depositors or stockholders, but the officers are anxious that the circulation in this city shall be as little affected as possible.

**PERSONAL.**—Dr. Norwood Suter, who has been visiting his father, Rev. Dr. Suter, has returned to his home in Springfield, Mass.

Rev. Carl Grammer has returned from Massachusetts where he has been summing.

Rev. H. Suter, who has been quite sick for the past few days is improving and expects soon to go to Rock Enoch.

Mr. and Mrs. J. M. Hill left for the World's Fair to-day.

Mr. W. H. Whitcomb is quite sick at his home on Fairfax street.

Mr. Samuel Merchant is confined to his home by sickness.

Mrs. James R. Pickin is visiting relatives in Chester, Pa. Mrs. Pickin expects to visit a number of the northern cities before her return.

Dr. O'Brien will leave here this evening, via the Norfolk and Boston line, for New York, where he goes for special medical treatment. He will be accompanied by Mrs. O'Brien and expects to be absent a few weeks.

Rev. J. A. Schwoy has resigned the pastorate of the German Lutheran Church in this city and will retire from the ministry by reason of continued ill health. He will probably remove from this city.

Messrs. Harry Stanton, Charlie Fisher and Carter Smith left here on Saturday evening for St. George's Island for a two weeks' stay. They took with them the good things for the inner man, as well as a full paraphernalia for fishing, crabbing and oystering. They went off in high glee, their sweaters accompanying them to the boat.

Miss Ola Lytle, who has been visiting her sister, Mrs. J. F. Trimyer, in Norfolk, has returned to her home, accompanied by her little nephew, Master Johnnie Trimyer.

Mrs. French Smoot has returned from a visit to Iowa, Wisconsin and Chicago.

Mr. J. D. H. Lunt has returned from Chicago much pleased with his visit.

**CHORAL NOTES.**—The first rehearsal of the "corner stone" chorus held at Peabody school last evening, was a decided success. About sixty-five singers were present. Thirteen new names were added to the list making a grand total of 98 voices. The fact that quite a number of the city singers have gone to the World's Fair accounts for the absenteeism. This however will cease within the next two or three weeks, when they will turn out in full force, and prove a most valuable addition to the "grand chorus," as well as do Alexandria credit for her musical talent. Mr. Gambrell has received congratulatory letters from the central committee, commending him for his energetic action in getting together so many singers. Mr. Gambrell desires to extend these thanks and congratulations to the members of the chorus for their hearty co-operation and prompt response to his invitations, and the good will and interest manifested in the success of the Alexandria division.

Mr. Gambrell also desires to return thanks to the School Board for the use of Peabody school. The room is admirably adapted to the purpose, being large, airy and centrally located. The rehearsals will be held there every Monday evening at 7:30 o'clock. Any singers who have not yet enlisted are cordially invited.

**POLICE REPORT.**—Last night was cloudy and cool until about 12 o'clock, when it became clear. Four prisoners were at the station house.

Mayor Strauss this morning disposed of the following cases:

Wm. Cornell, arrested by Officer Griffin for fighting, had his case postponed until Thursday.

Leonard White and Thomas Baltimore, small colored boys, arrested by Officer Crump for throwing stones at electric cars, were fined \$1 each.

Charles Ross, colored, arrested by Officers J. T. Smith and Brenner for disorderly conduct, was fined \$2.50.

Laura Corbin, colored, arrested by Officer Griffin for disorderly conduct, was fined \$5.

A young man, arrested by Officer Betts for throwing water on an acquaintance, was fined \$2.50.

**FUNERAL DIRECTORS.**—The programme for the Funeral Directors' Association, the sixth annual session of which will convene at Odd Fellows' Hall to-morrow at twelve o'clock, will be interesting. An afternoon session will be held at 5 o'clock and another at 8:30 p. m. On Thursday the association will meet at 10 a. m. and 3 p. m.

## CITY COUNCIL.

A meeting of the City Council was held last night. Mayor Strauss had issued the call for the purpose of having the city fathers settle the question of the disposition of the night soil of the city. The night was cool and pleasant, but the members of both boards were slow in assembling and the hour of eight was tolled out from the steeple of the City Hall before the requisite number for the transaction of business had appeared in either chamber.

## BOARD OF ALDERMEN.

Aldermen Hinken, Burke, Sweeney and Leadbeater, and President Marbury appeared later, and constituted a working quorum in this board.

A communication from the Mayor enclosing one from P. Dillon, Scavenger, concerning the disposition of the night soil was received from the Common Council. The communications set forth the fact that the corporation laws required that the deposit be made outside the city limits, but that of late no contract could be made with parties owning lands on the suburbs for the reception of the soil.

Mr. Sweeney moved that the papers be received and that a recess be declared until the lower board present some matters for the Aldermen's concurrence. After about fifteen minutes' interval an ordinance amending section 2, chapter 11, of the corporation code, giving the committee on public property in conjunction with the Mayor power to designate a place for the deposit of the soil, was received from the Common Council. But five members only were present, and the rules require six to pass an ordinance on the night of its introduction. This was a dilemma, the way out of which was not discernible. It was suggested that the Messenger be sent out for absent members, and that official was dispatched for Mr. Lindsey, Mr. Goodrich or Mr. Carlin. The Common Council in the meantime had adjourned, and the Aldermen took a recess. The Messenger returned in about ten minutes' time and reported that he had found Mr. Lindsey and that that gentleman would be on hand in a few minutes. He soon appeared in the chamber when the ordinance was read and passed.

A resolution from the lower board providing for the purchase of a street sprinkler was received from the Common Council and their reference of it to the committee on streets concurred in. The board then adjourned.

## COMMON COUNCIL.

The board held a called session opening about 8:15. The clerk read the call of the Mayor requiring Council to assemble in order to provide some place for the deposit of night soil as the present law enacted that it should not be deposited within the corporation limits and the county authorities had refused to allow the deposit outside, in the county.

A letter from Mr. Patrick Dillon, the contractor, was enclosed. He wrote that if the city will provide some place of reception for the matter he will pay the \$400 bonus. "Otherwise," he adds, "I will have to forfeit the contract."

The chair asked for some proposal on the subject.

Mr. Kraft had understood that the county authorities did not object to the contractor depositing the night soil in the county if he could dig a pit and cover each deposit with three or four inches of dirt. That would completely deodorize it. Then there would be no objection to it. Of course in that event the city could not claim as large a bonus as now.

Mr. Caton introduced an amendment to the present law on the subject. The amendment directs that the soil be deposited at a place designated by the Mayor and the committee on public property and so treated as to be entirely deodorized. He said that as the Council had made this soil public property and provided for its sale, the matter should be referred to the public property committee.

Mr. Kraft said he was entirely opposed to allowing a deposit within the city limits.

Mr. Evans said he thought the first section of the law should be amended.

Mr. Caton said the amendment suggested by Mr. Evans had been made some time since.

Mr. Thompson thought a place should be designated.

The chairman said the bill gave the Mayor and the committee on public property full power to designate a place.

Mr. Beach said that the amendment might compel the scavenger to carry the soil to four-mile-run if the Mayor and committee should require it. Only seven dollars a night could be made by the work now, but if the distance was made too great he would be able to make only \$3.50 per night, and as he had to employ a cart and horse and three men the work could not be done at that rate.

Mr. Evans said a man ought not to bid on what he could not handle. Other contractors had dug pits and made money by selling pig-dirt.

The bill was unanimously adopted, 13 voting in its favor.

Mr. Caton asked that the bill to give the Mount Vernon Electric Railway Company certain rights on the streets, be taken up. He said it had been reported on and published and he hoped it would be the pleasure of the council to adopt it.

The chair said he would rule that this meeting being called for a special purpose by the Mayor, no other business could be entertained except by unanimous consent.

Mr. Caton—"I ask unanimous consent."

The chair replied that as it had been the understanding with some members not present that no business except that in relation to night soil would be taken up he would feel himself bound to object.

Mr. Caton—"Oh, very well."

Mr. Kraft by consent introduced for reference only an order for the purchase of a street sprinkler, and a reference was made, as was also a resolution directing Mrs. Davis to vacate the cook shop in the market.

No other matter occasioned discussion and after a short session the board adjourned.

**RECEIVER APPOINTED.**—J. P. O'Gorman, president of the Potomac Electric Company, who holds a deed of trust on the property of the company in the county, which furnishes the electricity for lighting the streets of Georgetown, has filed a bill in the Circuit Court of Alexandria county, for an injunction to restrain the company from selling its property and also asking for the appointment of a receiver. Today Judge Keith entered a decree in vacation, appointing Mr. C. C. Carlin, of this city, receiver for the company.

**BOARD OF SUPERVISORS.**—The County Board of Supervisors met to-day and in the absence of Mr. Frank Hume, Mr. J. W. Clark presided. A communication to the Secretary of War relating to the bad condition of the government's holdings in the county at Arlington cemetery, Aqueduct bridge, &c., was ordered to be signed by the board and forwarded to the Secretary. The paper sets forth that the government property at the Aqueduct bridge is in a dilapidated condition; that it is the rendezvous for the disorderly element of the District of Columbia and asks that the property be improved and a watchman appointed to look after it.

The report of Supervisor R. H. Phillips of the condition of the roads and bridges in Washington district was received. The report states that many of the roads and bridges need extensive repairs.

**MRS. COFLIN.**—Whose mysterious disappearance from her home in Charlottesville about a month ago, was, as stated yesterday, found in Baltimore. She arrived in this city yesterday evening with her son, Mr. E. J. Coffin, and went to the residence of her other son, Mr. Thomas W. Coffin, on upper King street, where she remained until last night, when her husband having arrived here she left with him for her home. Mrs. Coffin is extremely reticent and makes no explanation of her conduct in causing her relatives and friends so much anxiety concerning her former whereabouts. There were several reasons given by gossip for her strange disappearance, all of a domestic nature, and with which the public is in no wise concerned. Mr. Coffin says that he may hereafter have a statement to make to those who were interested.

**MEETING OF DELEGATES.**—A meeting of the delegates to the Richmond convention was held in the Market Building last night. Mr. M. E. Harlow was called to the chair and Mr. R. T. Cook acted as secretary. Mr. J. T. Sweeney was elected chairman of the delegation and Mr. L. Marbury, secretary. It was decided to allow every delegate, who could not attend the convention, to appoint his alternate, or to designate as his proxy one of the delegates who could attend. The delegates then adjourned to meet at the Exchange Hotel in Richmond at 9:30 o'clock on Thursday morning next. The delegation stands 17 to 3 for Col. O'Ferrall for Governor, but are more evenly divided as to the choice for Attorney General.

**FIRE COMPANY NOTES.**—The board of fire wardens have given the Hydraulics S. F. E. Co. permission to take their engine, hose wagon, hose carriage and horses to Washington Sept. 18th to take part in the parade of that day, provided everything is returned home not later than 7 p. m. of the same day. Repairs have been ordered to the rear wheels of the Hydraulion engine. Engineer Bontz, of the Hydraulion engine, will take his 10 days' vacation commencing Aug. 17th. The Mayor has been requested to allow Police Officer Banner T. Young to fill Mr. Bontz's position during his absence.

**EXAMINATIONS.**—The examinations by Superintendent Kemper, of the public schools, of white teachers was begun at 8 a. m. to-day at Washington school building, according to previous announcement, when the following teachers presented themselves and were examined in arithmetic, geography and grammar: Misses Roxbury, Thomas, Webster, Knoxville, Bruce, Finch, Davis, Francis, Hurdle and Greenwell, of Alexandria, and Miss Wilson, of Loudoun county, and Misses Foley and Walsh, of Fairfax county.

**IMPROVEMENT.**—Messrs. Agnew and Harlow, who recently purchased the house No. 107 south Royal street, are having the same remodeled with a view to its conversion into offices, and for which purposes Mr. B. F. Price is now engaged in the erection of an entire new glass front, the elevation of which will be much higher than the old facade. Four handsome offices will take the place of the old dwelling which will be ready for occupancy by the first of September.

**MEETING ABANDONED.**—The meeting to have been held to-night by citizens to determine what action they would take in reference to the celebration in Washington of the centennial of the laying of the Capitol corner stone has been abandoned, as it is understood that the fire and military companies of the city have been invited and will take part in the celebration. An Alexandria chorus will also be in attendance, so this city will be well represented.

**REDUCED RATES.**—For the Confederate Veterans' picnic at Strasburg August 19th, 1893, the R. & D. R. R. will operate a special train from Washington, leaving Alexandria at 6:45 a. m., arriving at Strasburg 10:30 a. m.; returning, leave Strasburg at 6 p. m., arrive at Alexandria 9:30 p. m. Fare for the round trip \$2. Lee Camp and a number of their friends in this city are expected to make this trip.

**PEACH STEALING.**—Mr. Jas. M. Board, who resides in Fairfax county, near this city, last night found a negro in his peach orchard and discharged the contents of a double barrel gun into one of the trees, causing the hasty exit of the thief who left his sack, half filled with peaches, behind.

## LOCAL BREVITIES.

The new city directory, just issued, is incomplete and gives general dissatisfaction.

A fight between two young men on north Royal street last night caused some excitement.

The two material trains which were recently taken off the Midland road are to be put on again.

The feast of the Assumption of the Blessed Virgin Mary was observed to-day in St. Mary's Church.

The repairs at Mt. Vernon, mention of which was recently made in the GAZETTE, are now in active progress.

The Washington Southern railroad company will not sell reduced rate tickets for the Richmond convention.

Mark Craig, the little boy who has been suffering from tetanus for the past few days, is thought to be improving.

The business stringency throughout the country has seriously affected the railroad tie business throughout this section.

The four-masted schooner Edwin R. Hurt, from the Kennebec, has discharged part of her cargo of ice at the wharf of Messrs. F. A. Reed & Co.

Messrs. O'Neal & Lunt have sold for Mr. Joseph Breck a house and lot on Gibson street, between Patrick and Henry, to Mrs. Keithley for \$1,300 cash.

The funeral of the late W. H. Sullivan, who died in Washington on Sunday, took place in this city this evening and was attended by the Odd Fellows.

It is now generally understood that the office of Supt. Troy, of the Midland division of the R. & D. R. R., and the train dispatcher's office of that division, will be removed from this city to Charlottesville on the 1st prox.

A new school house will be built in Fairfax county on the Telegraph road on the land owned by the Misses Frobel to take the place of the Pulman school. Mr. Winston has the contract for the building. It will cost about \$600.

A young man who had come here yesterday on his way to Washington to secure a marriage license had to return to the country to ascertain the name of his prospective bride. He said her name was Maggie and that she was a widow but her surname he had forgotten.

A young man who lived with his married brother was assaulted and badly cut about the head with a bottle on Saturday night by his sister-in-law in a dispute about his board bill. The man insisted that he had paid his sister-in-law the money, which she sternly denied.

According to the officials of the Department of Agriculture the drought which this part of the country has been experiencing for the past six weeks has been very general in its extent, and the damage which it has done has been considerable. During the past few days there has been a slight break in the drought, but this has been irregular.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became Miss, she clung to Castoria.

When she had Children, she gave them Castoria.
